**LICENCE APPLICATION - SHUTE'S TATTOOS, 101 STANLEY PARK ROAD, CARSHALTON**

Members noted all the representations that had been made, both written and oral, and having listened to the applicant and received legal advice in relation to the grounds for refusal under the London Local Authorities Act 1991, did not feel there were any grounds to refuse the application. They noted that licences were normally granted for 12 months, at which time a new application would have to be made, and believed that the Council's standard licence conditions should allay residents' concerns, as should the fact that if problems were to arise in future then in appropriate circumstances the licence could be reviewed and possibly revoked.

**Resolved:** (i) That application No. 13/00666/SPECTF for a special treatment licence be granted for a period of 12 months, subject to the Council's standard conditions.

(ii) This decision grants a special treatment licence only and it does not imply or require that other consents that the applicant may need will be granted.
